Basics

- O Computer Science major with strong foundation in data structures, algorithms, and software development
- O Pixel perfect full stack web developer, specialised in creating high-quality, visually appealing websites
- O Experiened in databases (SQL, NoSQL), familiar with server-side technologies (Node.js, Express, etc.)
- O Team player, with detail-oriented mindset and a keen eye for design and user experiences

Education

University of Southern California

https://www.cs.usc.edu/

Sep 2016 – Jul 2020

- Bachelor, Computer Engineering and Computer Science, Score: 3.8
- Developed proficiency in programming languages such as Java, C++, and Python
 Gained hands-on experience in software development through various projects and assignments
- O Strong communication and teamwork skills acquired through group projects and presentations

Courses: Discrete Methods in Computer Science, Programming Language Concepts, Data Structures and Object-Oriented Design, Operating Systems, Computer Architecture, Database Systems, Computer Networking, Introduction to the Theory of Computing

Work

PPResume https://ppresume.com

Senior Software Engineer

Dec 2022 - Present

- O Developed and implemented efficient and scalable code, ensuring high-quality and maintainable web applications
- O Collaborated with cross-functional teams to gather project requirements and translate them into technical solutions
- O Conducted thorough testing and debugging to identify and resolve any issues or bugs in the software
- O Actively participated in code reviews, providing valuable feedback to improve code quality and adherence to best practices
- O Mentored and guided junior developers, fostering a collaborative and growth-oriented team environment **Keywords**: Scalability, Growth, Quality, Mentorship

PPResume https://ppresume.com

Software Engineer

Sep 2020 – Dec 2022

- O Created reusable React components to ensure code efficiency and maintainability
- O Integrated with RESTful APIs to fetch and display dynamic data on the frontend
- $\, \odot \,$ Implemented client-side routing using React Router for smooth navigation between pages
- O Actively participated in Agile development methodologies, attending daily stand-up meetings and sprint planning sessions **Keywords**: RESTful, React, Agile

Languages

English: Native or Bilingual Proficiency

Keywords: TOEFL 110, IELTS 7.5

Chinese: Elementary Proficiency

Skills

Web Development: Expert

Keywords: Python, Ruby, CSS, React, JavaScript

DevOps: Intermediate

Keywords: Python, Kubernetes, Docker, Shell, Ansible

Design: Intermediate

Keywords: Sketch, Figma, Photoshop

Awards

Dean's List

University of Southern California

Oct 2016

Awarded to students who achieve a high academic standing by maintaining a specified grade point average (GPA) during a semester.

Certificates

AWS Certified Developer - Associate

https://aws.amazon.com/certification/

AWS

Mar 2021

Publications

ACM Transactions on Interactive Intelligent Systems

https://dl.acm.org/journal/tiis

Enhancing Human-Computer Interaction through Augmented Reality

Dec 2017

- O Explores the potential of augmented reality (AR) in improving interaction between humans and computers
- O Highlights benefits of AR in various areas such as gaming, education, healthcare, and design
- O Discusses challenges and future directions of AR technology in enhancing user experience

Computer Science Professor

amanda.reynolds@usc.edu

Andy Dufresne shows exceptional problem-solving skills and a solid understanding of programming concepts, he would bring immense value to any team or organization he becomes a part of.

Projects

EduWeb

https://www.eduweb.xyz/

Sep 2016 – Dec 2016

 $A\ we b\text{-}based\ educational\ platform\ for\ interactive\ learning}$

- O Designed to enhance online learning experiences
- O Facilitates students' engagement and collaboration through interactive features and user-friendly interface
- Offers a wide range of courses across various subjects
- O Aims to improve the way students learn through the power of the web

Keywords: Education, Online Learning, HCI

Interests

Sports: Soccer, Swimming, Bicycling, Hiking

Music: Piano, Guitar

Volunteer

USC Computer Science and Engineering Society

https://www.usccsesociety.org/

Tech Mentor

Sep 2015 - Jul 2023

- O Volunteered as a Tech Mentor at USC Computer Science and Engineering Society
- O Provided guidance and assistance to fellow students in their technical projects and coursework
- O Assisted in organizing workshops, coding competitions, and networking events for the society members
- O Contributed to fostering a collaborative and supportive environment within the student community
